[The Kent Social Enterprise Loan Fund \(KSELF\) is a blended loan & grant fund](#)

KSELF is a social lending programme, aiming to bridge the increasing funding gap for new and existing social enterprises in Kent and Medway, by offering unsecured loans of between £10,000 and £100,000.

The financial package will include an element of up to 30% grant of the loan amount.

The aim of the Fund is to spread the culture of social enterprise, break down the barriers which prevent enterprising social businesses from accessing finance and encourage a more enterprising approach to achieving positive change in our communities.

Once finance is repaid, it will be re-loaned and re-invested back in the community.
